Case No 1:18 CR 75 TC

To Whom It May Concern:

U.S. DISTRICT COURT

Robert Mouritsen is currently under my medical care and has been for over 10 years. He had a heart attack followed by a 6 graft bypass surgery the end of February. His recovery has been very slow despite meticulously following sound medical advice from his cardiologist and CT surgeon. He is in the 5th percentile of recovery for post-CABG patients.

He needs to avoid any physical and emotional stress at this point so that he can recover as quickly as possible.

If you require additional information please contact our office.

Sincerely,

A handwritten signature in black ink, appearing to be 'Stewart MD, Ryan L', written over a horizontal line.
